№ _____ від _____

**Ministry of Agriculture and Forestry
of the Republic of Türkiye**

**General Directorate of Food and
Control**

The State Service of Ukraine on Food Safety and Consumer Protection (hereinafter referred to as – the SSUFSCP) presents its compliments to the General Directorate of Food and Control under the Ministry of Agriculture and Forestry of the Republic of Türkiye and informs the following.

When carrying out the phytosanitary control of consignments with regulated articles arrived in the territory of Ukraine from the Republic of Türkiye there detected two cases of consignment accompanied by invalid phytosanitary certificates for re-export. Kindly pay attention to the violation of the requirements of the paragraph 6.1.3 of the International Standard for Phytosanitary Measures No. 12 “Phytosanitary Certificates” (hereinafter referred to as – ISPM No. 12) and case of absence of phytosanitary certificate. More detailed information concerning the matter is provided in the attachment to this letter.

Pursuant to the Article 41 of the Law of Ukraine “On Plant Quarantine”, the aforementioned consignments were subjected to the extended phytosanitary control and allowed to be imported into Ukraine.

According to the Article 36 of the Law of Ukraine “On Plant Quarantine”, imported and transit consignments with regulated articles, inter alia, shall be accompanied by the original phytosanitary certificate. The originals of the phytosanitary certificate and the phytosanitary certificate for re-export issued by the importing country are recognized in Ukraine in paper and electronic forms.

In addition, according to paragraph 1.5 of the ISPM No. 12 electronic phytosanitary certificates, inter alia, should be directly available to the relevant National Plant Protection Organization (hereinafter referred to as – NPPO) officials. In all cases, phytosanitary certificates should be available to the NPPO of the importing country upon the consignment’s arrival.

In view of the above, we kindly request you to inform the persons exporting the regulated articles to Ukraine that such consignments shall be accompanied by the phytosanitary certificates issued according to the ISPM 12.

At the same time, the SSUFSCP will promote further expansion of trade in plants and plant products between our countries. We express our gratitude to the General Directorate of Food and Control under the Ministry of Agriculture and Forestry of the Republic of Türkiye for cooperation in the field of quarantine and plant protection.
